**MISCELLANEOUS NOTES**

Food served may vary at times from pictures on this menu.

Parents: We welcome children here at Flaxton Gardens (we have 6 ourselves), however parents or guardians you are always responsible for your own children. Please respect other patrons & keep your little darlings off the plants, no throwing stones & keep them away from water! Evening dining is a romantic time for most customers, so please respect this!

Please note we are a rural property, which has hazards associated with that. E.g. snakes, water and insects.

**If you have dietary requirements**, please help us by informing the waiting staff. Even though we are a real food kitchen and produce most things on site we still cannot cater to your liking if we do not know.

**High allergies:** It is legally impossible for us to guarantee your meal, but we are willing to try only if you take responsibility, as we cannot!
