

# ★ SUNDAY ROASTS ★

*"Most of us will remember the family Sunday Roast! Sitting around a table having loads of cheeky banter, while the roast gets demolished! Today, not many of us have the time! So Flaxton Gardens has made it easy for you to get together again.*

*This offering is designed to go in the middle of your table for everyone to share. Even if it is only family for a day with loads of conversation & laughter, I hope this helps us all stay connected and celebrate life together."*
